SIXTH GRADE STUDENTS present "Voices of 1776" for Pamplin Elementary School PTA.

MISS AND MR. BICENTENNIAL selection from grade levels K - 6 at Pamplin Elementary School.

PES SIXTH GRADE GIRLS make Bicentennial fabric flower arrangements.

MRS. WALLIS AND MRS. WALTON TEACH SIXTH YEAR GIRLS to sew fabric flowers.

BICENTENNIAL ACTIVITIES AT PES

Students at Pamplin Elementary School continue to celebrate our Nation's 200th Birthday in many red, white and blue ways. Miss Rebecca Jordon's and Mrs. Rosa Inge's sixth year students presented a play, "Voice of 1776", for the March 16 PTA meeting. A project of Mrs. Nancy Dickerson's fifth year students was to have each class select a Miss and Mr. Bicentennial. These students were presented at the PTA meeting with each Miss Bicentennial receiving a bouquet of flowers.

Mrs. W. W. Wallis and Mrs. Lloyd Walton taught the sixth year girls how to sew fabric flowers. Red, white and blue print fabric was selected which resulted in two Bicentennial flower arrangements for the school.

All fourth, fifth, and sixth year students at Pamplin Elementary School attended a special showing of the film, "1776". The film was shown in Lynchburg for school children in the Central Virginia area.

A grounds beautification project is also underway for the Bicentennial year. The sixth year boys participated in a playground clean-up day and help was provided by Mr. Frank Sweet and the Lucky Clover 4-H Club, as they leveled and seeded an area of the playground for the school. Fourth and fifth year students are making plans to plant a garden of flowers and shrubs in the area between the two buildings of the school.

All of the activities have provided fun and learning experiences for students. A renewed pride in America and pride as Americans is the most important objective of each activity.

SPREADER DISEASE

We cure it with Arcadian® liquid for more uniformly higher yields.

If you've used a dry fertilizer spreader, you've probably seen "spreader disease" which shows up as an uneven growth pattern. You can see where some places got too much fertilizer. While other spots got too little.

What you can't always see is the reduction in yield spreader disease can cost you.

But you can see the difference Arcadian liquid makes. Liquid fertilizer can be applied more uniformly... for uniformly higher yields. That's why Arcadian Golden URAN® is ideal for nitrogen top-dressing. And SLF® mixed liquid is perfect for prescription fertilizing. Because every drop delivers the same analysis evenly distributed across every acre.

It's another reason why Arcadian liquid applied uniformly, has proven more profitable than dry fertilizers in field trial comparisons. Liquid is a more accurate way of fertilizing... and more profitable for you. Let us prove it to you on your next fertilizer application.

SYNTHETIC SUEDE FASHIONS - A '76 pacesetter
Washable, Soft & Wrinkle Resistant

The plushness of suede has been combined with the easy-care properties of synthetic blends to create dresses, sportswear and menswear in a classical fabric for '76! Suede look-alikes boast machine wash and dryability plus resistance to wrinkling, shrinkage, fraying and pilling.

Available under various trade names, the luxury fabric may also be seen in accessory items such as handbags, hats, belts and in home furnishings that include pillows and chair seats.

The snappy newcomer comes in navy, teal and earth tones such as rust, olive, tobacco, tan. Blends include 60% polyester/40% non-fibrous polyurethane; 95% polyester/5% non -fibrous polyurethane; 80% tiracetate/20% nylon. And, the latest arrival is 100% polyester!

Laundering and drying instructions vary so that care labels should be read and followed carefully.

"When sudsing suede synthetics by hand, care should be taken in rinsing not to squeeze or wring the items. To remove excess moisture, roll garments in a towel. Lay flat or hang to dry.

The wrinkle-resistant characteristic of the elegant fabric has made it a favorite for traveling. Touch-up ironing can be done with a low heat setting, pressing on the reverse side with a press cloth. A light brushing, in one direction, restores the nap.

Comfortable in any season, the material is light and won't stretch out of shape. A boon to home sewers, the fabric is suitable for tailored garments, such as vests, pants, pillows. It can be draped, pleated, gathered or stitched suedes, it may be used. Pre-shrunk interfacings are recommended so a finished garment is completely machine launderable.

RECIPE OF THE WEEK
Lime-Pineapple Salad

1 pkg. lime gelatin
1 cup boiling water
½ cup cold water
3 oz. pkg. cream cheese
1 No. 2 can crushed pineapple (undrained)
½ cup pecans

Dissolve gelatin and cream cheese in boiling water. Add cold water. Chill until the mixture begins to thicken. Fold in crushed pineapple and nuts. Refrigerate until firm. This may be doubled.

Mrs. C. T. Moses, Jr., President of South Central District V.F.G.C., dressed in her Bicentennial costume, is ready to attend the District Meeting to be held at Averett College in Danville on March 31. She is standing beside a "Living Rose" afghan to be given away at this meeting. Mrs. Moses made the afghan and Mrs. Neal Shepherd, Lynchburg, is projects chairman for the District.

The South Central District, Virginia Federation of Garden Clubs, Inc., Spring meeting will be held at Averett College in Danville on March 31 at 10:30 a.m.

Mrs. Robert C. Reed is general chairman for the day and the Federated Garden Clubs of Danville will serve coffee at 9:30 a.m.

This will be a Bicentennial meeting and those attending are encouraged to dress in Bicentennial costumes.

Mrs. Ben May of Lynchburg is District Registrar and deadline for registration is Saturday, March 27.

Dr. Lee Wayland, a speaker of great demand, will present the program "Wildflower For Fun" following the luncheon.

Members from the Appomattox Garden Club who plan to attend are Mrs. C. T. Moses, Jr., District President; Miss Edith O'Brien, District Corresponding Secretary; Mrs. Reid Shields, President Appomattox Garden Club; Mrs. H. B. Martin and Mrs. Raymond Jamerson.
